English **Book 4** Homework:

- Students will be writing a paragraph about mountains. Students should write a short paragraph on a UAE mountain. The paragraph should include its height and climate.
- Students should draw a simple diagram of our solar system and label the planets.

Revise what you learned in class daily from book 4 learner and activity book.

Please read a text of your choice for 20 minutes every night

Math: Chapter 16: Geometry

- Quadrilaterals
- Problem-Solving Investigation - Make a Model

Parents please also note - This week will also be used to complete any work not completed during Ramadan.

Homework: Please refer to Class Dojo messages from your son's Math teacher.

Science:

We will be learning:

Chapter 10 Lesson 4: Tracking the Weather

- What are air masses and fronts
- What does a weather map show
- What are the signs of severe weather

Lesson 5: Climate

- What is climate
- What determines climate
- How do mountains affect climate

Homework: Please complete quick check and read a diagram, map and photo questions on pages 500-504 and 514-518 in the books.

English **Literacy Skills Book** Homework:

- *Practice all phonics patterns p148 and write words from each word family. (ing, ang)
- *Write 10 sentences on prepositions of movement example on p149.
- *Revise the future simple tense and write sentences for practice.
- *Read passage on p151 daily for understanding and fluency
- *Write each of the weeks high frequency words into a sentence.
- *** Practice the HFW nightly.

Revise what you learned in class daily.

HFW: near below country plant tree city Earth eyes thought story

Math Assessment:

- *This week we will complete a 10 mark short quiz on Chapter 16 - Geometry
- Lesson 1 (Model Angles), Lesson 2 (Classify Angles), Lesson 3 (Measure Angles), Lesson 4 (Draw Angles)

- Teachers will use their discretion to add any additional assessment tasks.

Please also check Class Dojo for details.

Science Assessment:

*** **Chapter 11 will be Tuesday, June 11, 2019**

Please continue studying Chapter 11 study guide and Chapter 10 Lessons 1, 2, and 3 content. All Science projects are due **June 13, 2019** if not turned in already. If not turned it will result in a O/F.

**** Please continue to check class dojo periodically for any updates.
